

English Literature and History Assignment 13

- Memorize **stanza 1** of Percy Bysshe Shelley's poem, "Ozymandias."
- Study the literature of the Middle Ages and chapters 6–11 of the history textbook. You will have at least a full week to study for it. I will post the test the Friday before the Christmas Break and submit it when you return to class. As always, you will be signing an honor code, saying that you did not use study materials to answer the questions. The test will determine who gets a preferment in the king's court. Next week I will review last week's and the previous week's literature. Be sure to bring the answers to your questions.
- Read English History Chapter 13 and answer questions in the study guide.
