Long Range Assignment

- *speech night.* Your speech for Speech Night will be due on the third week of February. The assignment involves the following:
 - * *impersonating your vice and virtue.* You will be going up with your partnering vice or virtue and introduce yourself to the audience and tell who you are (remember the examples I gave examples in class).
 - * *retelling a work of literature.* Retell the story that illustrates your vice or virtue.
 - * *length.* The length should be a half to whole page, no more. You will have to ask your parents to type your assignment so that I can make corrections right on the page and return it by email.
