It was a high wall.

Reading

Did you see him fall?
I did not see him, but I
think he did fall.

If you call me, and I am
not home, I will call you back.

What does “small” mean?
“Small” means “not big.”

Mother puts salt in our meals.
Some salt is good, but it is not
good if there is too much salt.

Let’s take a walk now.
I like to walk and talk.

Take care! It will give you pain
if you scald your hand!

Anna likes to play ball
with her dog. The dog likes
to bring the ball to her.

bald

5. If you drop it, it will ____.

wall

hall

fall

Stories

Chalk

Where does chalk come from? It is found deep in the ground, and is dug up with big tools. It is soft and white. Then it is made into small sticks that you can write with. Sometimes it is made red or blue or yellow to make it more fun.

The Fall

Nate was outside and he saw a wall. He went on top of the wall. It was a thick wall, and Nate stood on it. Then he was walking on the wall. It was not good to walk on top of the wall! Nate fell! It was not fun for Nate to fall off the wall. It gave him a bad pain in his leg. He did not walk for a week.

Seasons

I like when the seasons change. Spring and fall are the seasons I like best. In the spring, it feels good to be outside again and I do not need to put on a coat. It is not too hot. In the fall, the weather is cool. There is a cool breeze in the fall. It is not too hot in the fall, just as in spring.

Questions
